# RICOH Priport™ JP750

Introducing low cost digital printing with PC connectivity

It's never been easier to enjoy fast, affordable digital printing. With the Ricoh Priport™ JP750 you can benefit from clean, clear prints produced automatically on one single unit, which can also add (spot) colour. Connecting it directly to any standard PC makes it even easier to use. Prints are delivered in seconds; much faster than with non-digital duplication.

CONNECT DIRECTLY TO YOUR PC

Ricoh offers PC connectivity! The Priport™JP750 produces duplicates directly from your PC. Master making and printing are combined in one fully automated system. Apart from pressing 'start' and placing the paper stock no operator involvement is required. All of which means you save valuable time while maximizing the quality of your prints.

EASY REPLACEMENT OF CONSUMABLES

Master rolls, inks, colours and paper can all be changed quickly and easily, providing clean, fast and straightforward operation.

SIMPLE OPERATION FOR QUICK RESULTS

Enjoy fast and simple control of all your print jobs with the JP750. The user-friendly LED operation panel gives you instant access to all menu functions, from making masters to printing. The logically located function keys and an easy-to-understand menu system make any job an easy job.

FROM BLACK & WHITE TO SPOT COLOUR IN 1 EASY STEP

Changing colour drums is done in a minute. Which means that making flyers or printing spot colours has never been easier.

DURABILITY, RELIABILITY, CONFIDENCE

The Ricoh Priport™ JP750 is designed to give you high quality prints time after time. With reliability as standard, now you can enjoy fast results at an affordable price.
